Has this project been through a public review process at the local level and is it a community priority? Yes No

Location **Susitna Elementary School**

Project Title: **Purchase of New Furniture**

Amount of Funding Requested \$90,000.00

Total Funding to complete project \$90,000.00

Primary House District: 19 **Secondary House District(s):** 21

Primary Senate District: J **Secondary Senate District(s):** K

Project Description

Principal's Priority 2

This request is for the purchase of new student furniture such as desks, tables, and chairs to replace the out-dated furniture in 20 classrooms.

Benefits if Project is Funded

All students benefit from an educational program that is interactive and engaging. We need new furniture that will maximize classroom space, and facilitate students working in a variety of configurations, especially cooperative, flexible small groups to better prepare them for an interdependent workforce. Our growing population of English language learners will directly benefit from the small group and increased interaction facilitated by new desks and tables in the classrooms. We currently have mix-matched desks and chairs that do not readily allow teachers to quickly move from independent to more interactive and engaging grouping configurations. Our budget and PTA fundraising is not adequate to address this kind of furniture replacement, especially when adding freight charges.

Impacts if Project is not Funded

of Students impacted by project 475

Project Start Year 2012

Project Finish Year 2013

Project has matching funds are available **No**

Project has prior state funding available **No**

Project has federal funding available **No**

Project has had a public review proces **Yes**

Location **Susitna Elementary School**

Project Title: **Install Lockers in Corridors and Classrooms**

Amount of Funding Requested \$155,000.00

Total Funding to complete project \$155,000.00

Primary House District: 19 **Secondary House District(s):** 21

Primary Senate District: J **Secondary Senate District(s):** K

Project Description

Principal's Priority 1

Install three hundred 5-foot high hallway lockers and classroom storage cubbies to replace out-dated coat hooks and open cubbies for hanging coats, storing boots and backpacks. Includes removal of old open cubbies and wall hooks. Relocation of overhead cabinets to staff workrooms.

Benefits if Project is Funded

We need a more effective and efficient way to store student belongings - eliminating the tripping hazard of items falling on the floor throughout the course of the day. Closed student storage will help us curtail the spread of lice, bed bugs, ect. From personal items - coats, boots, ect. Being stored side-by-side on open coat hooks. It will also provide more security for students' personal belongings, since items will be out of view, and no longer be visibly accessible in the hallway. Our out-dated, open concept classrooms do not currently have individual storage cubbies or lockers to house or store student belongings adequately.
