Total Funding to complete project \$90,000.00

Primary House District: 23 **Secondary House District(s):**

Primary Senate District: L **Secondary Senate District(s):**

Project Description

Principal's Priority 2

Augment existing analog CCTV system with a Network Internet Protocol (IP) digital video security system. Installation will include video management software (VMS), megapixel cameras, client workstations, viewing monitors, video storage servers, Power Over Ethernet (POE) switches, encoders, cables, wiring, raceway, labor, testing, and setup to give the District an upgraded turnkey Network IP digital video security system. Network Video Encoders will be used to incorporate our existing analog CCTV cameras into the new digital IP video security system. Scope of work includes installation of 13 IP cameras, one workstation and two monitors.

Benefits if Project is Funded

This project will help to reduce operational costs due to repairs associated with District-wide vandalism.

Impacts if Project is not Funded

of Students impacted by project 430
