Has this project been through a public review process at the local level and is it a community priority? Yes No

Location Romig Middle School

Project Title: Purchase of Mobile Computer Lab

Amount of Funding Requested \$73,500.00

Total Funding to complete project \$73,500.00

Primary House District: 26 **Secondary House District(s):** 23, 24, 25, 27, 29

Primary Senate District: M **Secondary Senate District(s):** L, N, O

Project Description **Principal's Priority** 5

Romig Middle School is requesting grant funding for 60 computers and two mobile carts to house the computers. These computers may include either desktop, laptop, or netbooks as allowed for on the ASD Approved Technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

If the project is completed, teachers will be able to continue to provide instruction that utilizes technology while RTI assessments and instruction is taking place in the computer labs.

Impacts if Project is not Funded

If not completed, teachers will have to dramatically reduce the amount of daily instruction that integrates the use of technology.

Location **Romig Middle School**

Project Title: **Upgrade Gymnasium PA System**

Amount of Funding Requested \$40,000.00

Total Funding to complete project \$40,000.00

Primary House District: 26 **Secondary House District(s):** 23, 24, 25, 27, 29

Primary Senate District: M **Secondary Senate District(s):** L, N, O

Project Description

Principal's Priority 3

This request is for a PA system to be mounted in the gymnasium. This would include installing the system and speakers. It will also include wiring necessary to complete this project.

Benefits if Project is Funded

We have not had a permanently mounted PA system in the gymnasium for quite some time. We would like this mounted with speakers and to be able to utilize daily.

Impacts if Project is not Funded

Currently, we have to use a temporary system that takes approximately an hour an half to set up and take down when we want to use it. This does not occur very often due to the hassle it takes to set up.
