# Denali Borough - Nenana Canyon Fire Service Well and Hydrant

**State Funding Requested: \$65,000****House District: Fairbanks Areawide (7-11)**

One-Time Need

**Brief Project Description:**

High volume well and "dry" hydrant installed in the Nenana Canyon for use by local departments for fire protection.

**Funding Plan:**

Total Project Cost:	\$65,000
Funding Already Secured:	(\$0)
FY2013 State Funding Request:	(\$65,000)
Project Deficit:	\$0

**Detailed Project Description and Justification:**

The Nenana Canyon Business Community is continuing to expand. This well and hydrant will provide the necessary water volume for fire protection in the area. This is within the Tri-Valley Volunteer Fire Department service area. There have been two major fires in the past which required mutual aid from other local departments and several small incidents. With more construction and visitation planned for the future, a high volume water source for the fire departments will be critical to protect the public and keep damage to a minimum.

**Project Timeline:**

FY13

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

Tri-Valley Volunteer Fire Department

**Grant Recipient Contact Information:**

Name: Rusty Lasell  
 Title: Fire Chief
