Anchorage Park Foundation - Arctic Benson Park and East Spenard Neighborhood Park Safety Upgrades

State Funding Requested: \$83,000**House District: Anchorage Areawide (16-32)**

One-Time Need

Brief Project Description:

East Spenard Neighbors have identified significant repair to Arctic Benson Park in the 2011 Park Report Card Process

Funding Plan:

Total Project Cost:	\$123,000
Funding Already Secured:	(\$0)
FY2013 State Funding Request:	(\$83,000)
Project Deficit:	\$40,000

Funding Details:

If this project is funded by the legislature, APF will ask the Rasmuson Foundation to fund \$40,000 for this 2013 Clean & Green project

Detailed Project Description and Justification:

Neighbors of Arctic Benson Park gave the park an F on the Park Report Card, reporting unsafe activities contributing to the park's decline. Community members are advocating for installing lighting, as well as clearing low limbs and brush from green areas in order to improve visibility, creating a safer park environment.

This park is the only entertainment the many economically challenged children in the area enjoy. The addition of new and safe play equipment and an enclosed dog area would attract many more people to the area -- the most effective way to reclaim the park.

In the Summer of 2013, The Anchorage Park Foundation and Parks & Recreation Department will work with parks volunteers to complete neighborhood park fix-its in Arctic Benson Park. Attached is a proposal originally submitted by the Mid Town Community Council to APF.

Arctic Benson Park Safety Upgrades

Park Report Card Grade: F

The Anchorage Park Foundation and the Municipality of Anchorage Parks & Recreation Department are working together to address need for "fix-its" in small under-served neighborhood parks.

The **Anchorage Parks Report Card** creates a comprehensive picture of the condition of our neighborhood parks, reflecting the Anchorage community's opinions, preferences and ideas. In Fall 2011, Anchorage community volunteers evaluated 51 neighborhood parks based on 6 different settings. Parks were surveyed based on cleanliness, safety, structure, appearance, and function. Anchorage Parks and Recreation staff will use this information to strategically employ its funding and volunteer resources to better meet the needs of the Anchorage community.

In 2011, Arctic Benson Park received an F on its Report Card. Concerned neighbors reported unsafe activities occurring in Arctic Benson Park, contributing to its decline. Community members identified the need for installing lighting, as well as clearing low limbs and brush from green areas in order to improve visibility, creating a safer park environment. This park is the only entertainment the many economically challenged children in the area can enjoy. The addition of lots of great, new, play equipment and an enclosed dog area would attract many more people to the area and is believed to be the most effective way to reclaim the park.

In the Summer of 2013, the Anchorage Park Foundation and Parks & Recreation Department will work with parks volunteers to complete neighborhood park fix-its in Arctic Benson Park. We invite the Alaska State Legislature to join us in investing in the future of Arctic Benson Park and the East Spenard community. **The Anchorage Park Foundation will match legislative investment in neighborhood park fix-its with volunteer involvement and generous support from the Rasmuson Foundation's Anchorage Parks Initiative.**

Arctic Benson Park Safety Upgrades

Arctic Benson Park

Trying to serve Midtown residents,
business owners, tourists and
families, but we need your help!

Not Safe

People come to the park to drink, fight, sleep, sell drugs and those activities discourage other park goers and make Midtown look sketchy to tourists and businesses. The group to the right grew to 14 and became violent.

Alcohol, Prostitution & Drugs

People come to the park to drink, fight and commit other illegal activities. With a beer in their hands, they like to sit and watch the playground, which makes the children uncomfortable. Many children walk to the park without parental supervision.

Neglect Attracts Problems

Light plugs are broken, flower beds unused, bike rack worn, play equipment outdated and meager, nothing else at the park to attract and serve the community which is why a dog park has been requested. The photo bottom right shows a mother with her two children, two blocks from a park that she says she doesn't feel safe taking her kids. Notice the dirty puddle in the parking lot where they play

Children With No Options

This park is the only entertainment the many economically challenged children in the area can enjoy. Even with the limited resources and dangers they still come. The addition of lots of great, new, play equipment and an enclosed dog area would attract many more people to the area and is the best way, according to law enforcement, to reclaim the park.

Turn secluded into included

The memorial below is to honor a prostitute who was murdered then hung from a tree in the park. We are proposing that the treed area, which is very beautiful, be retained, but enclosed by a fence, thus making that area useful as a dog park. Doing so would prevent crime and provide a very useful amenity for the many dog owners (many of whom are elderly) who live in the area. By bringing more amenities to the park, we attract more people thus discouraging crime. The park location also makes it ideal for the many people who work in the area. It is a great location. It just needs some care.

Your Help Will Make A Huge Difference

With the help from the Parks Foundation, local businesses, the Midtown Community Council and other invested entities, this park can become a real treasure for the people of Anchorage. This Midtown park is close to major businesses, hotels/hostels, restaurants (4-star!), and our community wants it back, but we need your help!

Alaska State Legislature-

The Municipality of Anchorage Parks & Recreation Department, the Assembly, and the Mayor have pledged their support for the projects listed below. While you will find these projects listed in the Municipality of Anchorage 2012 State Legislative Program Booklet, please note the Anchorage Park Foundation is requesting the funds and will be the primary grant recipient.

The Anchorage Parks and Recreation Department works closely with the Anchorage Park Foundation in our efforts to improve and maintain our park assets with volunteers, private and public funding.

As an Ex-Officio Board Member to the Anchorage Park Foundation, I am informed about all policies and programs. I support each project listed, and urge your continued support sustaining the world class recreation opportunities in Anchorage.

Sincerely,
