Brief Project Description:

Funding Plan:

Total Project Cost:	\$15,000
Funding Already Secured:	(\$0)
FY2013 State Funding Request:	<u>(\$15,000)</u>
Project Deficit:	\$0

*Funding Details:**No funding history***Detailed Project Description and Justification:**

The original building security system was put in by the building owner at no cost to the school, but as a donation by the building owner. The understanding since the building was built was that any upgrades would be the School District's responsibility. Unfortunately, the security system has never been adequate or functioned effectively. The mother board has already had to be replaced twice and the school is still having to by pass two zones. There is also a need for door and window detectors and noise detectors. MSFLC has had windows broken twice and the current system did not pick up anything to signal there were vandals on the grounds. The Pittman Road area has a rather high crime rate and the school's need to protect the materials purchased with public funds is significant.
