Project Type: Remodel, Reconstruction and Upgrades

Igiugig - Public Waterfront Landing Repair

State Funding Requested: \$75,000
 One-Time Need

House District: 36 / R

Brief Project Description:

The only public waterfront landing in Igiugig needs repair from years of erosion, run-off, and heavy traffic. The repairs needed include: rebuild retaining wall, re-surface the landing, and repair lamp post.

Funding Plan:

Total Project Cost:	\$80,000
Funding Already Secured:	(\$5,000)
FY2013 State Funding Request:	<u>(\$75,000)</u>
Project Deficit:	\$0

Funding Details:

\$5,000 secured from FY2012 Capital Improvement Project funds to Igiugig Village Council.

Detailed Project Description and Justification:

Igiugig's only public waterfront landing, locally called "Fish and Game Landing", is the central location for boat traffic from May-October every year. The lodges, Fish and Game personnel, residents, and visitors park all of their boats at the landing and enter into the village. The current public landing is in a state of disrepair due to erosion, surface run-off, and the level of traffic which has steadily increased over the years. Igiugig Village Council has maintained this landing for over a decade, but it needs rebuilding with sheet metal piling in order to maintain the level of use.

This project will involve replacing the wood piling with sheet metal piling, resurfacing the driveway, and re-installing the lamp post.

The landing will then be operated and maintained for public use, by the Igiugig Village Council.

Project Timeline:

August 2012: Procure and ship materials.

September-November 2012: Complete the repair and renovation of the landing. All funds expended, close-out project.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Igiugig Village Council
