| FY2013 State Funding Request: | <u>(\$800,000)</u> |
| Project Deficit: | \$0 |

*Funding Details:**No history.***Detailed Project Description and Justification:**

These bleachers will improve the Service high school campus, and will be available for schools around the state and Anchorage area community groups to use for soccer, football, girl's flag football, track and field, cross country skiing and other community events. It is anticipated the instillation of bleachers will enhance the ability of ASD Rentals to make it available to outside agencies and groups. This added revenue will generate funds to assist with maintenance costs.

Service High is a significant site for both regional and local cross country running and ski meets. This project would accomodate those events as well as spring, summer and fall events. The close proximity to Hillside Ski area trials makes this an ideal site for this project.
