Haines Borough - Sludge Composting Shed

State Funding Requested: \$60,000**House District: 5 / C**

One-Time Need

Brief Project Description:

This project consists of design and construction of a sewage sludge composting shed.

Funding Plan:

Total Project Cost: \$60,000

Funding Already Secured: (\$0)

FY2013 State Funding Request: (\$60,000)

Project Deficit: \$0

*Funding Details:**No Funding History***Detailed Project Description and Justification:**

This project is needed to facilitate in-house processing of sewage sludge through composting. The Borough is currently unable to deliver sewage sludge to the private landfill operator. This has caused the Borough to seek alternative methods of sludge disposal. The proposed project consists of constructing a 16' x 32' open shed with a concrete foundation and floor. The requested funds will be used for in-house design and construction of this structure. A secondary benefit of this project will result in the production of high quality compost for possible use by the Borough in various beautification projects around the community.
