Alaska Village Electric Cooperative, Inc - Lower Kuskokwim Energy Improvements

State Funding Requested: \$5,000,000**House District: 38 / S**

One-Time Need

Brief Project Description:

AVEC serves several villages in the Lower Kuskokwim area, with several others being served by other entities, generally stand-alone utilities. Many of the stand-alone utilities have expressed an interest in becoming part of the AVEC network but system improvements are necessary in order to avoid increasing the burden on existing AVEC communities.

Funding Plan:

Total Project Cost:	\$5,000,000
Funding Already Secured:	(\$0)
FY2013 State Funding Request:	<u>(\$5,000,000)</u>
Project Deficit:	\$0

Detailed Project Description and Justification:**Lower Kuskokwim Energy Improvements**

AVEC serves several villages in the Lower Kuskokwim area, with several others being served by other entities, generally stand-alone utilities. Many of the stand-alone utilities have expressed an interest in becoming part of the AVEC network but system improvements are necessary in order to avoid increasing the burden on existing AVEC communities.

The requested funding amount will permit necessary improvements in non-AVEC communities, preparatory to them voluntarily joining the existing 54 member communities served by AVEC.

Currently BUC serves Napaskiak and Oscarville. We would plan, design and construct electrical interties to tie in Napaskiak, Nunapitchuk, Kasigluk, Atmauthluak, Kwethluk, Akiachak and Akiak.

Project Timeline:

Projects in the Lower Kuskokwim region could begin September 2012.
