**Brief Summary and Statement of Need:**

This supplemental request is to replace the Bill Lowe Fire Station at 14010 Old Glenn Highway in Eagle River which was severally damaged due to excess snow loads resulting in structural damage to the roof and support members. Evaluation by Coffman Engineering, under contract with the Municipality of Anchorage, revealed the structure is in imminent risk of collapse, prompting the Municipality to order the station vacated immediately. The Chugiak Volunteer Fire and Rescue Department provides fire protection and EMS response to more than 14,000 people in a 50-mile square mile fire service area.
