Project Description/Justification:

The Counterdrug Support Program (CDSP) encompasses two critical areas: Drug Interdiction and Drug Demand Reduction (DDR). The Drug Interdiction program provides assistance to law enforcement agencies working on investigations or prosecutions that result in a federal forfeiture. This participation allows the state to receive federal funds as a result of forfeiture situations. Funds are received and expended in accordance with the U.S. Department of Justice's (USDOJ) guidance, primarily in the area of technological support, supplies and/or facility improvements to the program. The Drug Demand Reduction program is a drug education and positive life skills curriculum that CDSP provides to youth across Alaska.

This program supports DMVA's priority to defend and protect Alaska and the United States and provide youth intervention.
