

**Mobile Emergency Operations and Command Vehicle
Storage Construction**

**FY2013 Request: \$925,000
Reference No: 54798**

AP/AL: Appropriation

Project Type: Construction

Category: Public Protection

Location: Mat-Su Areawide

House District: Matsu Areawide (HD 13-16)

Impact House District: Matsu Areawide (HD 13-16)

Contact: McHugh Pierre

Estimated Project Dates: 07/01/2012 - 06/30/2017 **Contact Phone:** (907)428-6003

Brief Summary and Statement of Need:

Construction of a facility that provides indoor heated storage for the State's Mobile Emergency Operations Center (MEOC) vehicle. The MEOC provides a mobile, electronic emergency communications platform that can be deployed to disaster locations. The storage facility can also be converted to an alternate state emergency operations center to provide for continuity of operations.

Funding:	FY2013	FY2014	FY2015	FY2016	FY2017	FY2018	Total
Gen Fund	\$925,000						\$925,000

Project Development:	0	0
Ongoing Operating:	110,000	0
One-Time Startup:	0	
Totals:	110,000	0

Additional Information / Prior Funding History:

This is a new project with no previous funding.

Project Description/Justification:

Construction of a heated facility is needed to house the State Mobile Emergency Operation Center (MEOC) vehicle. This heated facility will provide protection for the MEOC's significant and sensitive electronic equipment and also position the vehicle for immediate deployment to a disaster scene.

This project serves a dual purpose that works to maximize the continuity of operations by the state: primarily the facility houses the MEOC but it can also be converted to an alternate state emergency operations center with the MEOC running communications from outside the facility. The facility will be built on existing State property in the Matanuska Susitna Borough. Pre-staging the MEOC in the Matanuska Susitna Borough provides the state with the ability to deploy this valuable asset to secondary command locations via the road system in the event of losing the primary bridges to and from Anchorage.
