**Additional Information / Prior Funding History:**

See deferred maintenance appropriation.

**Project Description/Justification:**

The Valdez Armory needs to replace its flat roof with a pitched roof. Required design and prepare bid ready documents need to be prepared. Installing a pitched roof will provide more insulation to the facility, reduce the recurring maintenance costs and prevent structural failure under heavy snow loads. Priorities and cost estimates may need to be changed to accommodate emergency maintenance projects not listed, actual project costs, and other considerations.
