Additional Information / Prior Funding History:

There is also a small grant to the State for administering the program. Match for pass-through grants is 20% - 50% and is provided by the grantee. Match for state administration and planning is 20%, provided by the state. FY2012 - \$9,000,000; FY2011 - \$9,000,000; FY2010 - \$9,000,000; FY2009 - \$9,000,000; FY2008 - \$9,000,000; FY2007 - \$9,900,000; FY2006 - \$2,136,000; FY2005 - \$4,123,600; FY2004 - \$3,136,000; FY2003 - \$1,780,000; FY2002 - \$1,162,000; FY2001 - \$1,121,000.

Project Description/Justification:

This program provides federal funding from the Federal Transit Administration (FTA) to implement and maintain coordinated public transportation throughout Alaska.

Recipients of the funds described in items two to six below must apply to the Alaska Department of Transportation and Public Facilities (DOT&PF) transit planning office and compete statewide. Applications are solicited and then reviewed by a committee of transit-oriented Alaskans from the state, local government, transit providers, and public. The applications are scored with an emphasis on coordinated transportation, where opportunities to leverage related services are recognized.

Funds are used for the following activities:

- 1) State Administration. Federal funds are provided to administer the program.

-
- 2) Project Administration. DOT&PF passes through these funds to public transit systems. These funds require a 20% local match and are used for administrative overhead such as transit system director's salary, office expenses, insurance, advertising, planning, etc.
 - 3) Capital Funding. Capital expenses include funding for the purchase of vehicles, communication systems, dispatching systems, maintenance, buildings, and shelters. Capital funding requires a 20% local match. Capital funds are available to both public transit systems and private nonprofit organizations.
 - 4) Jobs Access and Reverse Commute (JARC) Funding. These funds are used to offset a community's cost of providing transportation for low income people to and from work.
 - 5) Operating Expenditures. This category includes the cost of fuel, driver salary, dispatcher, etc. These funds require a 50% local match.
 - 6) Purchase of Services. These funds are provided to private nonprofit and public organizations for the purchase of transportation services.
 - 7) Training and Technical Assistance (No match required).

A local government may purchase public transportation services from private companies.

This project contributes to the Department's Mission by improving the mobility of people and goods.
