Brief Summary and Statement of Need:

This project would survey the Umiat Airport and update the Umiat Airport Property Plan. The runway centerline at the Umiat Airport is not monumented and the airport boundaries are not clearly identified. Thus, aviation lease lots are undocumented, making it difficult to deal with leaseholder issues.

Project Description/Justification:

With work progressing on the Foothills West project and an increased likelihood of improved access to the natural resources near the Umiat area, it is imperative that accurate information be obtained for the Umiat Airport. Future airport leasing will rely on this survey and updated property plan.

This project contributes to the Department's Mission by improving the mobility of people and goods and increasing private investment.
