None.

Project Description/Justification:

Almost yearly an avalanche originating from several large avalanche paths above Mile 21 of the Seward Highway bury the highway, interrupting traffic flow and creating a dangerous situation for drivers. The loss of this critical route for several hours or possibly days while the avalanche is cleared, causes economic hardship for those in Anchorage and the Kenai Peninsula.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
