<b>Totals:</b>	<b>0</b>	<b>0</b>

**Additional Information / Prior Funding History:**

None.

**Project Description/Justification:**

The existing Ruby Creek bridge is structurally deficient and rehabilitation is not economically feasible. Raising the grade of the bridge will also address current flooding/sediment deposition problems and reduce annual maintenance costs. This bridge is ranked #47 on the statewide 2011 bridge deficiency list.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
