Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

Construct miscellaneous improvements to the Ground Transportation Lobby (GTL) and the Commercial Curbside Lobby at the South Terminal. The airport needs to provide a reasonable level of customer service for the travelling public and an acceptable work environment for South Terminal tenants. These areas are in need of significant aesthetic and functional improvements, and are the last high traffic public space in the South Terminal requiring remodeling and modernizing.

Project Description/Justification:

Ground Transportation Lobby –

1. Change location of existing, and/or add additional, auto doors to stabilize and improve building pressurization, air circulation, and temperature and other miscellaneous improvements

Commercial Curbside Lobby –

1. Modify floor plan to provide “arctic entry” to the north stairway and elevator to reduce winter cold air flow down the stairway to the Ground Transportation Lobby.

2. Refinish exterior and interior of Lobby and surrounding appurtenances to match or compliment new South Terminal colors.

3. Modify space heating and air handling to stabilize and improve building pressurization, air circulation, and temperature.

4. Renovate flooring, wall finishes, and lighting to compliment and complete Seismic and Security Upgrade construction and other miscellaneous improvements
