Total Funding to complete project \$53,000.00

Primary House District: 23 **Secondary House District(s):** 27

Primary Senate District: L **Secondary Senate District(s):** N

Project Description

Principal's Priority 2

We would like to purchase new furniture and student equipment for our library to make it more student-centered, user-friendly and safe. The O'Malley Elementary library gives the visitor a sense of going back in time. It feels dark, drab, and uninspiring. Though sturdy, the furniture lacks a sense of cheer, comfort, accessibility, and versatility. Due to the physical structure of low ceilings, minimal natural lighting, and visible electrical and heating hardware, improving the aesthetic quality of the furniture and shelving is the most economical approach to providing a learning environment appropriate for the youth of the 21st century.

Benefits if Project is Funded

Students, staff, parents, and community members will benefit from meeting in a more energetic and inviting environment. Brighter colors and an open setting will promote socialization and interactive learning. This project will help to revive the library from its current 1980's look to one of the 21st century, with safer, more versatile furniture, more reading space, and more work space.

Impacts if Project is not Funded

of Students impacted by project 308

Project Start Year 2013

Project Finish Year 2014

Project has matching funds are available **No**

Project has prior state funding available **No**

Project has federal funding available **No**

Project has had a public review process **Yes**
