Detailed Project Description and Justification:

This grant would be used to purchase a Utility Off Road Vehicle and a trailer to tow with the vehicle. The UTV and trailer would be used to get to areas that cannot be reached by a regular four-wheel drive vehicle and the unit is big enough to haul a gurney and patient. Salcha Fire and Rescue services a rural area of the Fairbanks North Star Borough that has rough terrain and large areas of wetlands. This UTV can be fitted with a track for easier access to swampy areas. The UTV cost is \$18,500 and the trailer is \$3,500.
