One-Time Need

**Brief Project Description:**

Final phase of Tundra Women's Coalition (TWC) sewer line replacement to comply with Alaska Department of Environmental Conservation requirements.

**Funding Plan:**

Total Project Cost:	\$110,000
Funding Already Secured:	(\$75,000)
FY2014 State Funding Request:	<u>(\$35,000)</u>
Project Deficit:	\$0

*Funding Details:**Not applicable.***Detailed Project Description and Justification:**

Sewer Line: Final Phase of Line Replacement. TWC has implemented an ongoing facility project the last couple of years-replacing our 1980s-installed, original sewer line TWC's new facility does have new sewer line but at a point near 6th Avenue it connected to old line, which feeds into the City main behind the BNC complex.

From TWC: "We must also re-build the neighbor's connection, which was joined to the TWC line per the easement agreement in the 1980s, but as a result of new DEC requirements we have been ordered to separate our line." In 2012 TWC replaced the TWC-specific portion of the line.

The final phase of the project needs to happen during the summer of 2013, and that will be to comply with the DEC and install an independent line for the property owner that provides us with the easement to have our sewer connection across their property. Once complete, TWC will be in full compliance with the DEC requirement and have all-new, heat-traced sewer line. Legislative Request: \$35,000 (TWC had \$75,000 in matching funds from Denali Commission for the first phase of the project which was completed in Summer 2012.)."

**Project Timeline:**

Summer 2013; completion expected by September, 2013.
