Prior Funding History / Additional Information:

No prior year funding history.

Project Description/Justification:

The Alcantra Armory needs expanded office and classroom space. This phase of the project provides for design and site planning.

Population growth in the Palmer/Wasilla region have provided additional units of Alaska Army National Guard soldiers assigned to Alcantra, including Military Police and Combat Support units. The Alcantra Armory serves as the drill facilities for these soldiers and also houses other Department of Military and Veterans operations including the headquarters and two battalions of the Alaska State Defense Force and branches of the Office of Veterans Services and Family Assistance/Readiness Centers. This expansion allows for needed office and classroom space. Construction is anticipated to start in FY2015.
