This project provides critical maintenance for 117 state-owned buildings. It will address deferred maintenance requirements for electrical, mechanical, roofing, walls, safety, security, structural, pavement and site drainage systems. This work is required to enable continued secure and efficient operation of the 24-hour incarceration facilities in order to keep the communities safe from offenders placed in the department's custody.

**Project Description/Justification:**

The Department of Corrections is responsible for maintaining 117 state-owned buildings (over 1.3 million square feet with an estimated replacement value of \$529.1 million). A majority of these buildings are over 28 years old, with 10% exceeding 30 years and another 10% exceeding 43 years of age. This project will provide the most urgent required maintenance and repairs to essential fire and life safety, environmental, utility infrastructure, security and operational systems.

Essential electrical and emergency generator systems, monitoring systems, central security control, and intercom systems at most of the institutions are in immediate need of renewal or replacement to

**Deferred Maintenance, Renewal, Repair and Equipment****FY2014 Request: \$4,840,000****Reference No: 49376**

enable continued security support. Many boilers, heating ventilation and air conditioning systems, fuel tanks and fuel distribution systems throughout also require major repair and/or replacement.

Additionally, roofs, exterior and interior walls, floors and ceilings in most institutions require considerable repairs to continue providing proper safety and security. These roofs and walls can no longer be maintained with normal in-house techniques. They need major repair or replacement so as not to jeopardize the security systems and safe operation of the facilities.

The Deferred Maintenance, Renewal, Repair and Equipment project is a department wide compilation of critical deferred maintenance requirements at all institutions. A list of known maintenance requirements is formulated in late October or early November each year. The list is fluid between the time it is prepared and the time the appropriation is authorized. Project funds are allocated to the most urgent maintenance needs.

Listed below are the currently identified highest priority deferred maintenance projects:

<b>Dept. Priority</b>	<b>Project Title</b>	<b>Project Cost</b>	<b>Running Total</b>	<b>Project Description</b>	<b>Location (HD)</b>
1	Yukon-Kuskokwim Correctional Center Mechanical HVAC Repairs	1,000,000	<b>1,000,000</b>	Repair HVAC, Waste Treatment and Domestic Hot Water Systems	Bethel (HD 37)
2	Spring Creek Correctional Center Fire Alarm System Replacement	675,000	<b>1,675,000</b>	Replace Obsolete Fire Alarm Systems (Equipment no longer manufactured)	Seward (HD 28)
3	Ketchikan Correctional Center Mechanical/HVAC Repairs	400,000	<b>2,075,000</b>	Replace Unit Heaters/Dampers & HWS Lines	Ketchikan (HD 33)
4	Spring Creek Correctional Center Security Controls Replacement	850,000	<b>2,925,000</b>	Replace Obsolete Security Controls Equipment (Equipment no longer manufactured)	Seward (HD 28)
5	Lemon Creek Correctional Center Security Controls Replacement	650,000	<b>3,575,000</b>	Replace Obsolete Security Controls Equipment (Equipment no longer manufactured)	Juneau (HD 31-32)
6	Palmer Correctional Center Fire Alarm Replacement	200,000	<b>3,775,000</b>	Replace Obsolete Fire Alarm Systems (Equipment no longer manufactured)	Sutton (HD 6)
7	Ketchikan Correctional Center Security Controls/Locking Devices	690,000	<b>4,465,000</b>	Replace Obsolete Security Controls Equipment (Equipment no longer manufactured)	Ketchikan (HD 33)
8	Mat-Su Pretrial Kitchen Floor & Plumbing Repairs	250,000	<b>4,715,000</b>	Kitchen Floor & Plumbing Drain Line Replacement	Palmer (HD 7-11)
9	Lemon Creek Correctional Center Mechanical Repairs Design	125,000	<b>4,840,000</b>	Design to Replace Deteriorated HVAC Heating Lines, Pumps and Coils & Refrigeration Equipment	Juneau (HD 31-32)
