

State of Alaska FY2014 Governor's Operating Budget

Department of Corrections Parole Board Component Budget Summary

Component: Parole Board**Contribution to Department's Mission**

Administer the release of eligible offenders.

Core Services

- Conduct Discretionary Parole Release, Preliminary Revocation and Rescission, and Final Revocation Hearings
- Set Conditions of Release on All Parolees
- Issue Parole Arrest Warrants and Subpoenas
- Monitor Mandatory Release Parole Conditions
- Conduct Special Medical Parole Release Hearings
- Conducts Executive Clemency Program and Investigations at Governor's Request

Major Component Accomplishments in 2012

Continued protection of public safety through maintenance of historical integrity of decision-making process by Parole Board members.

Provided ongoing training for parole officers to increase consistency and efficiency throughout the state in procedures relating to Parole Board hearings and equity for all parolees.

Continued education of Board members on recidivism factors and statistics as well as increasing awareness of resources available when making decisions concerning victims, public safety, and reintegration of offenders. Continued to streamline and automate the packet process for parole hearing to eliminate unnecessary paperwork and utilize staff resources more effectively.

Strengthened partnerships with the Division of Probation and Parole and Alaska Housing Finance Corporation with implementation of the Tenant-Based Rental Assistance Program which provides housing assistance to eligible tenants to support their successful reentry from incarceration into the following communities of Fairbanks, Homer, Juneau, Kenai, Ketchikan, Kodiak, Palmer, Petersburg, Sitka, Soldotna, Valdez, Wasilla, and Wrangell. The program applicant numbers have steadily increased.

Began research for evidence based practices in discretionary parole, one of the target areas recommended in the technical assistance from the Center of Effective Public Policy.

Key Component Challenges

Increase the number of applicants for special medical, discretionary, and early parole termination.

Evaluate and implement methods to improve efficiency in the clemency application process.

Modify the clemency process to reflect the statutory changes.

Transition from limited number of institutional treatment programs to limited community based treatment options and referrals including halfway house beds, sex offender management programs and treatment providers, and residential substance abuse treatment programs. Make decisions that release offenders on parole to viable release plans premised upon those realistically available resources.

Modify parole module for Alaska Corrections Offender Management System (ACOMS) database to capture clemency data for statistical information to increase the responsiveness to data requests and significantly improve the decision-making process.

Implement the ACOMS Document Management System to increase efficiencies to eliminate paper files.

Implementation of a strategic plan developed with assistance from the National Parole Resource Center for best practices in setting parole conditions, streamlining the violation and discretionary processes, obtaining a decision-making matrix, and use of assessment tools to target the criminogenic needs of the parolees.
