Prior Funding History / Additional Information:

Project Description/Justification:

Fairbanks Health Center Roof and Siding Replacement	Work is required on outside building envelope. Redesign and rebuild the roof line where it sheds water down the front of the building. Replace the damaged siding that was removed in the fall of 2012.	\$250,000
TOTAL		\$250,000

Each building deficiency for each facility is rated in terms of urgency, fire/life/safety, security, building integrity, and mission efficiency. Together, these criteria are used to prioritize each project. Priorities given are generally followed, but may be changed due to higher emerging needs that may arise throughout the year.
