AHFC's Senior Citizens Housing Development Program (SCHDP) uses funds for grants to municipalities and public or private non-profit corporations, in conjunction with other agencies, for the development of senior citizen housing. Funds can be used for: the purchase of building sites, site preparation, materials, construction, and rehabilitation of existing housing. Organizations qualified to apply include municipalities and public or private nonprofit corporations. Additional components include smaller grants (up to \$25,000) for nonprofit senior organizations to pay for preparation of plans and project feasibility studies, appraisals, site preparation and other pre-development activities.

 Released February 12th, 2013

These funds are used to support the development of housing for the fastest growing segment of the Alaskan population: persons 60 years of age and older. The 2000 Census showed that Alaska has the second highest growth rate of senior population in the U.S. Only Nevada has a higher growth rate. The number of seniors in Alaska is projected to increase 117% from 2005-2030 (79,430 people). This program targets the housing needs of both low-income and middle-income seniors as well as assisting homeowners to improve accessibility in their homes insuring safety and the ability to stay in their residence. A statewide needs assessment done in 2006 showed that there are \$1 billion of senior housing needs to address the growth in the senior population through 2030.

This request is based on the estimated demand for senior housing during the application cycle for the SCHDP program, home modification, and senior pre-development grants. Program funds are used only to fund the development “gap”, i.e., the amount necessary to make the project financially feasible or the difference between all other funding sources which can be expected to be contributed (including loan funds) and the cost to develop the project.

Any remaining unused funds will be made available under the next funding cycle. Requested funds are to be used to support senior housing with gap funds for acquisition, rehabilitation, accessibility modifications, and/or new construction of senior housing and pre-development grants. Awards are made on a competitive basis.
