Prior Funding History / Additional Information:**Project Description/Justification:**

This project will upgrade existing security and door access systems to senior/disabled and multi-family public housing complexes.

The projected outcome is to:

- Increase security for residents;
- Reduce theft and vandalism;
- Reduce maintenance and custodial costs; and
- Increase useful life of the structures.

Program Description:

This request will provide funding to continue the upgrades for security and main entry door access systems for AHFC senior/disabled and low-income multi-family housing.

A recent comprehensive survey was conducted to identify the location, configuration and current condition of door access and security systems in senior/disabled and low-income multi-family housing in Anchorage, Fairbanks and Juneau.

AHFC Security Systems Replacement/Upgrades

FY2014 Request: \$400,000
Reference No: 47068

Many of the systems were found to be outdated with analog-type cameras, recorders, card readers and software components that are no longer supported by the various manufacturers of systems compatible with currently available equipment.

Systems have already been upgraded and standardized in two larger senior facilities in Fairbanks and funding was received in FY2013 that is being used to address major replacement work needed at a third senior housing complex in Fairbanks and the main office facility. Due to cost over runs replacing the existing systems in Fairbanks, this funding is intended to begin upgrade and standardize systems for Juneau. Standardization will consolidate purchasing and maintenance of system components.
