Brief Summary and Statement of Need:

This Federal (HUD) grant provides Public Housing Authorities (PHAs) with funds each year to help renovate and modernize public housing units. The annual Capital Fund Program (CFP) fund, including Replacement Housing Factor (RHF) funds, was approximately \$2.2 million this fiscal year. The current request is intended to cover the spending authority required for the amount of funds anticipated next year, including any other incentives that may be available as a high performing PHA.

Project Description/Justification:

The purpose of this program is to renovate and modernize public housing rental units statewide.

The projected outcomes are:

- Modernize public housing rental units;
- Code compliance; and/or
- Conduct energy audits.

Program Description:

The federal government, through the U.S. Department of Housing and Urban Development (HUD), provides PHAs with money each year to help renovate and modernize their public housing through the Capital Fund Program. To access this money, each PHA, with the active involvement of residents and local government officials, must develop a comprehensive (five-year) plan detailing modernization needs within the PHA's housing inventory and establishing a timetable for meeting those needs. The dollar amount of the annual grant is established by a formula using the number, configuration, and size of the PHA's low rent units. The annual grant also provides funds for

administrative expenses, tenant-education projects, drug-elimination/safety projects, and management improvements.

Projects funded by this year's request include: a set aside for the San Roberto Redevelopment; renovation or replacement of various public housing units statewide; code compliance issues; and energy audits.

Also included are funds to provide operation and management improvements, such as PHA staff training; resident training; training for low-income businesses; and upgrades to the information system and area-wide network enhancements at low rent developments.
