Project Description/Justification:

As directed by the Legislature, the department has transferred state owned harbor facilities, whenever possible, to the local municipalities. Since 1986, 75 harbors have been transferred under AS 35.10.120. The following municipalities are interested in taking over ownership of the harbor facilities named below. By funding this request, the Department's long term harbor deferred maintenance needs would be reduced and the needs and interests of local residents would be furthered. After transfer, these municipalities would be eligible to seek state 50/50 matching grants under AS 29.60.800 and would have priority under that grant program as a Tier I applicants.
