

Cold Bay - Airport Rescue and Firefighting Building Expansion

FY2014 Request: \$332,000
Reference No: 40555

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Cold Bay

House District: Bethel/Aleutians (HD 37)

Impact House District: Bethel/Aleutians (HD 37)

Contact: Steven Hatter

Estimated Project Dates: 07/01/2013 - 06/30/2018

Contact Phone: (907)269-0730

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

Construct a multi-bay addition to the existing Airport Rescue & Firefighting (ARFF) Building to house a new ARFF vehicle and snow removal equipment.

Project Description/Justification:

The existing structure is too small for the new airport rescue and firefighting (ARFF) vehicle. The ARFF truck can barely fit inside the existing building, requiring two personnel to maneuver the vehicle because the tolerances are very small. Access to the other interior facilities and equipment is severely limited when the ARFF truck is inside the building. An second bay addition will provide storage for the snow removal equipment (SRE) while at the same time resolve a structural snow loading issue identified during the design of the ARFF bay addition.

Operating and maintenance costs will increase by approximately \$5,000 per year, starting in FY2015.
