

Ted Stevens Anchorage International Airport - Advanced Project Design and Planning **FY2014 Request: \$570,000**
Reference No: 41525

AP/AL: Allocation **Project Type:** Construction
Category: Transportation
Location: Anchorage Areawide **House District:** Anchorage Areawide (HD 11-27)
Impact House District: Anchorage Areawide (HD 11-27) **Contact:** Steven Hatter
Estimated Project Dates: 07/01/2013 - 06/30/2018 **Contact Phone:** (907)269-0730
Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

Provides planning analysis, financing plans, preliminary engineering, environmental, surveying, geotechnical investigation, cost estimating, feasibility analysis, and design of potential future capital improvement projects, and prepare for future Airport and tenant development. This is needed to do advance work on projects to better define their need, scope, cost and benefit prior to initiation of the design and construction.

Prior Funding History / Additional Information:

Project Description/Justification:

Funds allow the airport to timely complete preliminary design, environmental permitting, and community involvement efforts needed for Federal Airport Improvement Program (AIP) funding and to determine the viability of proceeding with a capital project. Some projects will be designed to a schematic level. Completion of studies, plans, cost-benefit analysis, and other evaluations provide critical information and advance preparation for future projects.

This project will benefit all airport tenants and users by assisting the airport in doing preliminary work on any airport project before seeking airline authorization to undertake a project.
