

Fairbanks International Airport - Equipment

FY2014 Request: \$1,443,000

Reference No: 41527

AP/AL: Allocation

Project Type: Equipment / Commodities

Category: Transportation

Location: Fairbanks Areawide

House District: Fairbanks Areawide (HD 1-5)

Impact House District: Fairbanks Areawide (HD 1-5)

Contact: Steven Hatter

Estimated Project Dates: 07/01/2013 - 06/30/2018 **Contact Phone:** (907)269-0730

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This project will replace airport operations, safety and maintenance equipment that has reached the end of its useful life. This equipment is critical to operating the airport in a safe and efficient manner. No fees are set aside automatically through rental rates; therefore, the method of replacement is through budgeting to replace worn out and obsolete equipment.

Project Description/Justification:

Fairbanks Airport maintenance and service equipment replacement is based on a database matrix of age, total usage, and annual maintenance expense. Equipment that scores high in all three categories is highlighted for consideration then compared amongst each other to determine the necessity of replacement, major repair, or deferral based on frequency and importance of use. Fairbanks International Airport (FAI) actively pursues solutions that seek to extend the useful life of existing equipment in a cost-effective manner. The Fairbanks International Airport is a "Non-Rental" program through the State Equipment Fleet. Therefore, equipment replacement must be accomplished through the capital budget process.
