Prior Funding History / Additional Information:

Project Description/Justification:

Funds used to encourage local government support for public transportation by matching local funds, and to provide needed match support for effective statewide participation in federal transit discretionary grant program opportunities such as state of good repair, energy reduction and livability. Absent congressional earmarks, these programs provide critical capital funds to purchase new and replacement vehicle needs for Alaska's transit systems.

A scoring system has been devised to fairly allocate these funds among all applicants. Public comment will be solicited prior to a final decision.
