Project Description/Justification:

As directed by the Legislature, the department has transferred state owned harbor facilities, where applicable, to the local municipalities. Since 1986, 74 harbors have been transferred. AS 29.60.800 was created to provide state 50/50 matching financial assistance to all municipalities with harbor facilities and provided a priority to municipalities with previously state owned harbors, i.e. Tier I harbors. Tier II harbors built by the municipality and were never owned by the state. This year's request would fully fund the top two Tier I harbor grant requests.

Although still a new program, AS 29.60.800 continues to see strong support from municipalities. For each year since it was created in 2006, the total amount of the state-matching grant request has grown. Starting in FY08 with a request of \$9.2M, the municipalities have requested \$10.4M (FY09), \$12.9M (FY10), \$17.2M (FY11), \$21.0M (FY12), \$23.0 M (FY13) and \$14.7 M (FY14).
