# Anchorage - Muldoon Library Materials and Technology

**State Funding Requested: \$40,000****House District: Anchorage Areawide (11-27)**

Future Funding May Be Requested

**Brief Project Description:**

This project provides \$40K for the Muldoon Neighborhood Library. It will fund new materials, hard copies and downloadable books), equipment and technology.

**Funding Plan:**

|                               |                   |
|-------------------------------|-------------------|
| Total Project Cost:           | \$159,000         |
| Funding Already Secured:      | (\$119,000)       |
| FY2015 State Funding Request: | <u>(\$40,000)</u> |
| Project Deficit:              | \$0               |

*Funding Details:*

*MOA operating budget = \$117,000/year for Muldoon materials. Friends of the Library and Anchorage Library Foundation = \$2,000/year for Muldoon materials.*

**Detailed Project Description and Justification:**

The Muldoon Library is a popular and vital community resource. It serves as a destination, a classroom, a community hub, a job center, and a computer lab. Its new teen programs have been very popular among local youth who need a safe and welcoming space to spend time in when school is out. This grant will help the Muldoon Library respond to its customers' most pressing needs for new materials, downloadable books, equipment and improved technology access.

**Need**

The Library faces a severe funding gap for its collection: with a materials budget of \$830K, APL is \$370K short of meeting the national standard of \$4.06 per capita. The Municipality is not able to match pace with community demand: library materials are so popular that the book bins at Loussac must be changed out every two hours and the Chugiak-Eagle River and Girdwood Libraries have recently installed second book drops. As the popularity of e-books and downloadable audio books increases, the Library now must provide these resources alongside traditional books.

**Technology**

The computers at the Muldoon Library are always in high demand--students use them for research, adults use them for continuing education and job applications, and people of all ages use them to connect to the outside world. The Library often does not have enough computers to meet demand and has Internet speeds slower than most modern households. The Alaska State Library OWL project (Online with Libraries, broadband and video conferencing grant) provided 7 new laptops, a video conferencing system and the first year's connectivity. This state capital grant will help cover future connectivity and equipment costs.

**Books and e-Books**

Library use is on the rise, both in Anchorage and nationally. A recent national study found that the most popular activities among library users continue to be borrowing books and leisure reading: 28% of Americans borrow print books monthly and 59% borrow books at least once a year. These trends are reflected in Anchorage as well: circulation of books, DVDs and e-books reached 1.7M in 2012. At the same time the Library's materials budget is decreasing, the annual cost of purchasing books and media is increasing 2-5% and electronic resources 5-7%. For example, APL was able to purchase 2,595 books from the vendor McNaughton in 2008; the same amount in 2010 purchased 1,978 books, a drop of 617 books. The Library's purchasing power is further diminished as it adds new formats (audio, downloadable books for PCs and Macs, Playaways) to keep up with technology.

**Statewide Benefit**

This grant will also benefit libraries across the state. APL's interlibrary loan program and reciprocal borrowing privileges allow small Alaskan libraries to survive and thrive by offering their patrons access to a wide variety of materials beyond what they are able to keep on their own shelves. As a member of the joint catalog, APL materials are also accessed by Juneau Public Library, UAA/APU Consortium and UAA extended campuses. In addition to loaning materials, the library's purchases of downloadable audio books, music and movies are available to all residents of the state through the online Listen Alaska website.

**Project Timeline:**

All expenditures will primarily occur in 2013.

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

Anchorage Public Library operations budget
