This project will construct a new arterial street to urban standards and will complete a connection between C Street and Minnesota Drive. Improvements are expected to include pavement, curb and gutter, street lighting, storm drainage, pedestrian facilities, and landscaping.

Design, easement, and utility phases have been fully funded. A wetlands permit has been obtained from the Corps of Engineers. East/west traffic corridors south of Dimond Boulevard are limited between the Old Seward Highway and Minnesota Drive. As a result, a high volume of traffic is using Dimond Boulevard. This project will complete an alternate route that is more direct for many residents south of Dimond Boulevard. Construction is anticipated in 2014 or 2015 depending on the availability of funding.

Project Timeline:

Construction expenditures are anticipated in 2014-2016.
