Project Description

Principal's Priority 2

Replace the original moveable wall in between Rooms 145 and 147. The wall is heavy and difficult to move which has resulted in one worker's comp claim. The wall is opened and closed 2-3 times a day as students transition between team-teaching whole group instruction and individual class instruction.

Benefits if Project is Funded

An upgraded wall will benefit staff, as they will not strain to open and close the wall.

Impacts if Project is not Funded

If not completed, moving the wall could result in staff injury.
