Steese Area Volunteer Fire Department, Inc. - Domestic Water Well Installation Project

State Funding Requested: \$120,000
One-Time Need**House District: Fairbanks Areawide (1-5)****Brief Project Description:**

Installation of Domestic Water Well and components for domestic use per Fairbanks North Star Borough conditional use permit.

Funding Plan:

Total Project Cost:	\$125,000
Funding Already Secured:	(\$5,000)
FY2015 State Funding Request:	<u>(\$120,000)</u>
Project Deficit:	\$0

*Funding Details:**The Fairbanks North Star Borough obtained design and cost estimate in FY13 for the installation of a water well for domestic water use purposes only at Fire Station 62 located at 585 Steele Creek Road. No other funded has been identified for the project to date.***Detailed Project Description and Justification:**

Station 62 hauls all domestic water to supply daily station use needs using one of it's front line fire apparatus. A well is needed to supply domestic water needs only and not fire protection water. The borough obtained a cost estimate of \$92,000 for design and construction of a 300 foot depth well with design plans estimate for a "low producing well". Wells in the area can reach 500 feet in depth which would cost an estimated extra \$33,000 for a total project cost of \$125,000. Our goal is to obtain a stable water supply system to meet the kitchen, laundry, and bathroom needs for the firefighters on duty each day which average 6-10 personnel. This well is not for direct firefighting purposes.

Project Timeline:

Project will be started in FY-15 and completed by June 2015.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Steese Area Volunteer Fire Department

Grant Recipient Contact Information:

Name:	Mitch Flynn
Title:	Fire Chief
Address:	800 William C Leary Lane Fairbanks, Alaska 99712
