

**AP/AL:** Appropriation    **Project Type:** Energy  
**Category:** Development  
**Location:** Statewide    **House District:** Statewide (HD 1-40)  
**Impact House District:** Statewide (HD 1-40)    **Contact:** Sara Fisher-Goad  
**Estimated Project Dates:** 07/01/2014 - 06/30/2019    **Contact Phone:** (907)771-3000

**Brief Summary and Statement of Need:**

The Electrical Emergencies program provides technical support when an electric utility has lost, or will lose the ability to generate or transmit power to its customers and the condition is a threat to life, health, and/or property. The ability to respond to loss of power in communities is essential to their health and safety. This program contributes to the department's mission of promoting a healthy economy and strong communities as electricity is considered essential for both community development and economic growth.

- Sec14 Ch82 SLA2003 P87 L10 SB100 \$349,500

**Project Description/Justification:**

Electrical emergencies can result in the loss of communications, lights, refrigeration systems, washeterias, water and sewer systems, and the use of other basic infrastructure and equipment.

Extended power outages during the winter months can be expensive and compromise public safety:

- Water and sewer systems are subject to freezing and bursting
- Fire hazards increase

- Medical clinics and other public facilities may close

Electrical emergencies may involve power plant failures and/or distribution system failures.

If the Alaska Energy Authority (AEA) is unable to respond, the response to loss of power emergencies will be redirected to the Department of Military and Veterans Affairs, Division of Homeland Security and Emergency Management, State Emergency Operations Center (SEOC).
