One-Time Startup:	0	0
<b>Totals:</b>	<b>0</b>	<b>0</b>

**Prior Funding History / Additional Information:**

See appropriation.

**Project Description/Justification:**

The Department of Military and Veterans Affairs (DMVA) is responsible for operating and maintaining a 20,000 square foot Fairbanks Armory built in 1962 and its 4,000 square foot maintenance shop annex, built in 1968. This project repairs and replaces electronic security readers at the armory and refurbishes a restroom in the maintenance shop. The National Guard is converting all access readers to a single system to resolve remote monitoring/access conflicts with differing systems in multiple locations. The restroom repair and remodeling will be consistent with recent armory restroom upgrades. Priorities and cost estimates may need to be changed to accommodate emergency maintenance projects not listed, actual project costs, and other considerations.
