

Parks and Outdoor Recreation Deferred Maintenance - Wood Tikchik Region **FY2015 Request: \$26,000**
Reference No: 51720

AP/AL: Allocation **Project Type:** Deferred Maintenance
Category: Natural Resources
Location: Dillingham **House District:** Dillingham/Illiamna (HD 36)
Impact House District: Dillingham/Illiamna (HD 36) **Contact:** Jean Davis
Estimated Project Dates: 07/01/2014 - 06/30/2019 **Contact Phone:** (907)465-2422
Appropriation: Deferred Maintenance, Renewal, Repair and Equipment

Brief Summary and Statement of Need:

The deferred maintenance backlog for state park infrastructure is estimated to be \$59.7 million. On a percentage basis, each area across the state will receive funding to reduce their specific deferred maintenance, including repairs or replacement of roads, trails, shelters, toilets, drinking water systems, parking areas and other facilities. The project list may change due to any unforeseen circumstances affecting area priorities.

Sec1 Ch16 SLA2013 P74 L16 18 \$55,000
 Sec1 Ch17 SLA2012 P127 L18 160 \$70,000
 Sec1 Ch5 SLA2011 P95 L10 46 \$35,000

Project Description/Justification:

AS 41.21.020, directs the Department of Natural Resources to maintain state park areas for the general health, welfare, education, and enjoyment of Alaskans and visitors to the state. The Alaska State Park system is a key player in the state’s tourism industry by providing a variety of outdoor recreation opportunities throughout the state. The importance of maintaining park infrastructure so that it is safe, accessible and meets the needs of a variety of park users is a key element of the division’s mission.

What is the issue or problem to be solved?

The parks backlog of deferred maintenance is estimated to be \$59.7 million. Examples of park infrastructure that need repairs are;

- campsites that are unlevel and undersized for today’s recreational vehicles,
- worn out and pot-holed roads, and
- poorly drained, unsustainable trails.

What is the scope of work to be performed?

Discreet projects will be undertaken to address specific deferred maintenance issues in state parks areas. Most of the work will be performed by local contractors.

What results will be achieved and/or products produced?

The ability to maintain state park areas for the general health, welfare, education, and enjoyment of Alaskans and visitors to the state, by providing a better quality of park facilities and safer recreational opportunities.

How does this project contribute to the division and/or department mission?

In order to be successful in providing outdoor recreation opportunities within state park managed areas, park infrastructure in good working order is needed.

Why is this project needed now – What is the impact of remaining status quo?

Because park facilities are used regularly and heavily, routine maintenance, repairs and replacement are required to keep parks safe and to ensure that park facilities provide the amenities visitors need. A detailed deferred maintenance list is prepared every year and park managers identify the most critical needs. When funding is available, deferred maintenance issues that pose the greatest threat to the public are addressed. The impact of remaining status quo is a continuing growth of deferred maintenance backlog, and facilities that will continue to deteriorate and create unsafe and unhealthy conditions.

What accomplishments have been achieved with prior year funding?

Deferred Maintenance		
Project Title	Amount	Percent Complete
PROJECT STATUS FOR FY2011		
Wood Tikchik State Park - Airplane	\$46,747	68%
