

**Deferred Maintenance, Renewal, Repair and Equipment****FY2015 Request: \$5,000,000****Reference No: 49376****AP/AL:** Appropriation with Allocations**Project Type:** Deferred Maintenance**Category:** Public Protection**Location:** Statewide**House District:** Statewide (HD 1-40)**Impact House District:** Statewide (HD 1-40)**Contact:** Leslie Houston**Estimated Project Dates:** 07/01/2014 - 06/30/2019**Contact Phone:** (907)465-3339**Brief Summary and Statement of Need:**

This project provides critical maintenance for 117 state-owned buildings. It will address deferred maintenance requirements for electrical, mechanical, roofing, walls, safety, security, structural, pavement, and site drainage systems. This work is required to enable continued secure and efficient operation of the 24-hour incarceration facilities in order to keep communities safe from offenders placed in the department's custody.

**Project Description/Justification:**

The Department of Corrections is responsible for maintaining 117 state-owned buildings (over 1.3 million square feet with an estimated replacement value of \$529.1 million). A majority of these buildings are over 28 years old, with 10% exceeding 30 years and another 10% exceeding 43 years of age. This project will provide the most urgent required maintenance and repairs to essential fire and life safety, environmental, utility infrastructure, security and operational systems.

Essential electrical and emergency generator systems, monitoring systems, central security control, and intercom systems at most of the institutions are in immediate need of renewal or replacement to

**Deferred Maintenance, Renewal, Repair and Equipment****FY2015 Request: \$5,000,000****Reference No: 49376**

enable continued security support. Many boilers, heating ventilation and air conditioning systems, fuel tanks and fuel distribution systems throughout also require major repair and/or replacement.

Additionally, roofs, exterior and interior walls, floors and ceilings in most institutions require considerable repairs to continue providing proper safety and security. These roofs and walls can no longer be maintained with normal in-house techniques. They need major repair or replacement so as not to jeopardize the security systems and safe operation of the facilities.

The Deferred Maintenance, Renewal, Repair and Equipment project is a department-wide compilation of critical deferred maintenance requirements at all institutions. The list is fluid between the time the Governor's budget is submitted and the time the project is authorized. Project funds are allocated to the most urgent maintenance needs. Listed below are the highest priority deferred maintenance projects identified at the time of submission:

<b>Dept. Priority</b>	<b>Project Title</b>	<b>Project Cost</b>	<b>Running Total</b>	<b>Project Description</b>	<b>Location (HD)</b>
1	Hiland Mountain Correctional Center Telephone System Replacement	125,000	<b>125,000</b>	Replace obsolete phone system	Eagle River (HD 26)
2	Spring Creek Correctional Center Roof and Wall Repairs	400,000	<b>525,000</b>	Motor pool roof replacement and housing wall repair	Seward (HD 28)
3	Anvil Mountain Correctional Center Telephone System Replacement	150,000	<b>675,000</b>	Replace obsolete phone system	Nome (HD 39)
