Performance audit(s) are planned for the Department of Corrections for FY2014. Two full-time, range 22 positions for eight months and one full-time, range 24 position for 12 months will be needed. Beginning in FY2015, all three positions will be needed year round. Six in-state and one out of state trips are anticipated annually for each of the three positions. Performance audits for different state agencies will be conducted in each subsequent year. It is anticipated that costs for these performance audits will increase after FY2014, due to the increase in staff months and estimated consultant costs for the expected audits.

SB95 amends AS39.27 in two ways that will have fiscal impact for the Legislative Branch. The first being that the salary schedule in 39.27.011(a) is changed as follows: 1% increases in FY2014 and FY2015, and a 2.5% increase in FY16. The second is to the geographical differential set out in AS 39.27.020 (a). The geographical differential (Geo Dif) change will only affect FY2014 and will then become part of the normal budgetary process in subsequent years. The overall impact for FY2014 will be higher since it will include both the cost of living adjustment (COLA) and the geographical adjustment as follows: COLA FY2014 = \$405.3, Geo Dif FY2014 = \$875.9, Total for FY2014 = \$1,281.2 Each following fiscal year will only show the increase for COLA. These increases do not apply to Legislators, as their salary is recommended by the State Officers Compensation Commission.

SB95 relates to the compensation, allowances, geographic differentials in pay, and leave of certain public officials, officers, and employees not covered by collective bargaining agreements.												
SB95 amends AS39.27 in two ways that will have fiscal impact for the Legislative Branch. The first being that the salary schedule in 39.27.011(a) is changed as follows: 1% increases in FY2014 and FY2015, and a 2.5% increase in FY16. The second is to the geographical differential set out in AS 39.27.020 (a). The geographical differential (Geo Dif) change will only affect FY2014 and will then become part of the normal budgetary process in subsequent years. The overall impact for FY2014 will be higher since it will include both the cost of living adjustment (COLA) and the geographical adjustment as follows: COLA FY2014 = \$405.3, Geo Dif FY2014 = \$875.9, Total for FY2014 = \$1,281.2 Each following fiscal year will only show the increase for COLA. These increases do not apply to Legislators, as their salary is recommended by the State Officers Compensation Commission.
