

**State Equipment Fleet Replacement**

**FY2015 Request: \$15,000,000**

**Reference No: 30628**

**AP/AL:** Allocation

**Project Type:** Equipment / Commodities

**Category:** Transportation

**Location:** Statewide

**House District:** Statewide (HD 1-40)

**Impact House District:** Statewide (HD 1-40)

**Contact:** Jeff Ottesen

**Estimated Project Dates:** 07/01/2014 - 06/30/2019

**Contact Phone:** (907)465-4070

**Appropriation:** Asset Management

**Brief Summary and Statement of Need:**

Replacement and/or refurbishment of equipment and vehicles which have reached the end of their useful life cycles and all extension periods, and continued conversion of vehicles to alternate fuel and related alternate fuel program expenses.

- Sec10 Ch29 SLA2008 P78 L19 SB221 \$15,000,000
- Sec4 Ch30 SLA2007 P104 L6 SB53 \$15,000,000

**Project Description/Justification:**

The economic life of equipment is constantly monitored by State Equipment Fleet staff to obtain the lowest life-cycle cost possible. Delay in the established replacement program can result in higher operating costs including increased risk of equipment failure and expensive repairs that are not recoverable in the remaining equipment life. The replacement program also contributes to the safety of the operators in providing the latest technological advances in the industry.

Based on current projections, replacement payments to the Highway Equipment Working Capital Fund (HEWCF) by user agencies will fund this request within 2%. The remaining 2% will be made up from the sale of used equipment, projected to be \$900,000, as well as excess equipment no longer needed. Failure to replace equipment at the appropriate time results in higher operating and life-cycle costs. These higher costs are directly reflected in the operating costs of user agencies.
