Sec1 Ch16 SLA2013 P84 L25 SB18 \$5,000,000
 Sec1 Ch17 SLA2012 P140 L13 SB160 \$10,000,000
 Sec1 Ch5 SLA2011 P105 L24 SB46 \$10,000,000
 Sec7 Ch43 SLA2010 P41 L6 SB230 \$10,000,000

Project Description/Justification:

The State owns or operates approximately 253 rural system airports. Most State owned airports have federal funding obligations that create management, maintenance and grant compliance issues to keep the airports open and safe. Some of these airports are highly regulated Part 139 certificated airports which also require aircraft rescue and firefighting equipment as well as disabled passenger assistance equipment. This equipment is necessary for operation of the airports at an acceptable level of safety for the traveling public as well as meeting Federal Aviation Administration (FAA) regulatory requirements. The State seeks federal Airport Improvement Program (AIP) funding for this snow removal, ADA and safety equipment from the FAA. This request covers acquisition of this equipment statewide at various rural State owned airports.
