Project Description/Justification:

Provide miscellaneous airfield, road, taxiway, parking aprons, seaplane base and building improvements. Typical projects include taxiway, runway and apron improvements and reconstruction, float slip repairs/reconstruction, road reconstruction, LHD office building work, fencing, utilities, lighting, security, and changed operating requirements, security requirements, and FAA requirements. Resolve minor deficiencies and solve problems created by unforeseen circumstances for both the Airport and users.

The airport receives \$1,000,000 in FAA Aviation Improvement Program (AIP) entitlements each year and varied discretionary funds. Projects are needed on an annual basis and these funds need to be available to undertake those projects.
