Sec1 Ch17 SLA2012 P144 L18 SB160 \$9,000,000
 Sec4 Ch18 SLA2012 P3 L24 HB286 \$6,500,000

Project Description/Justification:

This segment of roadway lies in mountainous terrain with steep grades, numerous substandard curves, and narrow road surfacing. Snow drifting and severe icing present annual maintenance and safety concerns and will be mitigated with embankment and drainage improvements. The project corridor is an important transportation link for the mining industry and the communities of Minto and Manley.
