Ted Stevens Anchorage International Airport - Environmental Projects

FY2015 Request: **$103,000**
Reference No: **49099**

AP/AL: Allocation
Project Type: Construction
Category: Transportation
Location: Anchorage Areawide
House District: Anchorage Areawide (HD 11-27)
Impact House District: Anchorage Areawide (HD 11-27)
Contact: Steven Hatter
Estimated Project Dates: 07/01/2014 - 06/30/2021
Contact Phone: (907)269-0730
Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:
This project consists ensuring Anchorage International Airport (ANC) maintains compliance with all local, state, and federal laws.

Funding:	FY2015	FY2016	FY2017	FY2018	FY2019	FY2020	Total
Int Airprt	$103,000	$106,090	$109,273	$112,551	$115,927	$119,405	$666,246
Total:	$103,000	$106,090	$109,273	$112,551	$115,927	$119,405	$666,246

Sec1 Ch5 SLA2011 P106 L16 SB46 $1,000,000
Sec7 Ch43 SLA2010 P42 L5 SB230 $500,000

Project Description/Justification:
This environmental compliance project would cover projects such as contaminated sites needing remediation, installing treatment and mitigation measures for storm water, monitoring of storm water from the Airport and prevention of deicing fluids from entering the storm water system, maintaining spill prevention and response equipment for ANC tanks, assist tenants as required on environmental issues, upgrade and maintain Underground Storage Tanks (UST) as they relate to environmental requirements, air quality monitoring and mitigation to comply with state and federal Clean Air Act requirements, hazardous waste monitoring and compliance, and necessary specialized environmental consulting and construction services to meet the changing and updated environmental laws.

ANC is required to maintain compliance with all applicable environmental laws like any other industrial facilities. Failure to maintain or come into compliance in a timely manner can result in fines and interruptions in normal airport operations.

The Environmental Protection Agency (EPA) is constantly upgrading and refining regulations that have an impact on the airport. If environmental compliance is not taken into consideration, ANC and its tenants could face fines and imprisonment. Non-compliance will delay or stop projects and impede normal airport operations.
