Brief Summary and Statement of Need:

This project is to support the general operations and renovation activities of the city of Anaktuvuk Pass, enabling the city to continue to build capacity for effective and efficient local government operation during a period of increased NPR-A related oil and gas development. Because the city provides services and recreation activities to the community, grant funds are requested for labor, fringe benefits, and contractual services to renovate the community center, equipment rental, materials, supplies, fuel, insurance, utilities, communications, and travel.
